

DINING

JA Hatta Fort Hotel, JA Resorts & Hotels' signature mountain retreat, boasts an impressive selection of unique food and beverage outlets in the activity hub of the 'Highlands of Dubai'. Promising a gourmet getaway amid the natural landscape of Hatta, the hotel offers a variety of international and local cuisine – prepared by a talented culinary team – spread across seven on-site restaurants and bars.

Café Gazebo, the hotel's breakfast and all-day dining restaurant located on a terrace by Gazebo pool, is known for its morning buffet spreads and light bite line-up. Catering to guests from the UAE and beyond, the menu includes the likes of Steak Frites, Oriental Mezze Selection, Fish N' Chips, and Thai Pumpkin Curry. Underneath the café, Gazebo pool – the resort's adult-only pool – serves shisha and several pool-side cocktails. The Rock Pool is the hotel's child-friendly pool, and along with the centrally located Pool Bar, serves alternative options of fresh snacks and beverages to families enjoying the sunshine and cool water.

Peaks Café is JA Hatta Fort Hotel's chic lobby eatery, offering cakes, sandwiches, coffee, and light, healthy meals. Roumoul Cocktail Bar serves as the perfect spot for a sunset aperitif or a post-dinner nightcap, with exclusive beverage creations aptly paired with live music and a friendly atmosphere. Notable menu items include white, red, and rosé house wines from France, Italy, South Africa, and Australia, as well as a hand-picked curation of dessert wines and specialty coffees. Sunset Terrace is the resort's iconic outdoor viewpoint, serving elevated mocktails and cocktails with dramatic backdrops of the Arabian sunset against the Al Hajar Mountains.

A unique addition to JA Hatta Fort Hotel's food and beverage line-up is Hikaya Restaurant, a casual, outdoor food truck venue with colourful chairs and grassy awnings set under rows of fairy lights. The restaurant's Arabic-inspired dishes and extensive shisha selection have earned it a reputation as a preferred and popular hangout for the local community.

Jeema, JA Hatta Fort Hotel's sophisticated dinner destination, blends earthy tones with wood finishes for a soft, elegant interior that contrasts the panoramic window-views of the rugged Al Hajar Mountain peaks. An impressive à la carte menu promises both flavour and fun, with exclusive international dishes and a carefully curated list of fine beverages. Guest favourites – which continue to deliver a sensational sensory experience for new and returning diners alike – include the classic Butter Chicken, served with basmati rice and traditional condiments, and the Molten Chocolate Lava Cake, accompanied by vanilla bean ice-cream and a tart berry compote.

Alongside the main food and beverage outlets, the property also has several distinct venues and attractions purpose-built for catering to special occasions and celebrations. Palm Tree

Garden, the sprawling green lawn in front of the hotel, often doubles as an outdoor event site that can be transformed to create a destination dining experience – one of which is the hotel’s popular Queen’s Picnic, available to guests upon request. Hatta Peak, a small hill with a trail and multiple outlook points, is another on-site feature that boasts views of the famous Hatta sign and can be fitted out with tables and chairs for a small party or a romantic dinner for two.

A mountain resort that prides itself on its natural beauty, organic surroundings, and remote qualities, JA Hatta Fort Hotel goes above and beyond to ensure that its food and beverage offerings remain up to par with the ever-evolving lifestyle and hospitality scene of Dubai. Resort staff frequently visit the trendiest city spots, bringing fresh ideas and inspired concepts back to Hatta that see the hotel’s culinary options continue to operate at a level equal to its city-based counterparts. With diners visiting from around the world – each bringing their own, individual tastes and experiences – the hotel is constantly seeking ways to stay ahead of the curve with high standards for food quality and delivery.
