

RESIDENCES

JA Manafaru's refurbished residences blend history, comfort, and style for a luxurious – yet authentic – five-star island retreat experience.

The resort's nature-inspired architecture is complemented by bright, neutral interiors, paired with Arabesque finishes and clean, wooden tones. Vibrant meets rustic with the blending of old and new property features, creating a unique stay experience that remains true to 'The Real Maldives'.

Presenting 84 beach and over-water villas – each enjoying at least one private pool – JA Manafaru has a variety of stay options to cater for the preferences of its diverse guest market. The resort's over-water accommodation comprises of 24 sunrise water villas and 23 sunset water villas, each able to accommodate up to two adults, one child, and one infant. Situated on the eastern and western sides of the island, the over-water villas come with an infinity pool, an outdoor shower, and a furnished terrace.

The resort also has beachfront villas, including 24 beach villas with private pools that can accommodate up to two adults, one child, and one infant, and 12 deluxe beach villas with a private, larger family-style pool, catering for up to two adults, two children, and one infant.

Perhaps most exclusive are JA Manafaru's grand residences: Ocean Residence, Island Residence, and Beach Residence. The Ocean Residence is a two-master-bedroom over-water villa, complete with an infinity pool and located at the end of the jetty with direct access to the sea. With panoramic outdoor views of the Indian Ocean and a nearby castaway island, guests can experience the sunrise from one room and can watch the sun set again from the other. The luxury accommodation also has a big, semi-sofa to lounge on, flowing drapes, and upgraded bathrooms with a window-facing bathtub.

The two-bedroom Beach Residence also houses a private spa pavilion, with a steam room and sauna, and opens out into an oversized garden pool with traditional Banyan trees, a large sundeck and daybeds, outdoor lounge, dining space, and beach access. The villa accommodates up to four adults, two children, and two infants.

The Island Residence is a multi-award-winning, enhanced size, three-bedroom villa with both a family pool and a private pool, accommodating up to six adults, two children, and two infants. Simple in its layout and décor, this two-storey residence has a private spa pavilion equipped with a steam room and sauna and is surrounded by extended gardens and greenery.

JA Manafaru's five-star reputation goes beyond its barefoot luxury stay options. Staff frequently take extra steps – including placing homemade macarons and a bottle of bubbles in rooms upon arrival and the delivery of a surprise, personalised farewell gift upon departure – making guests' experiences more memorable. The resort's northernmost location on the archipelago, remote accommodation offerings, and appreciation of Maldivian culture creates a stay experience that captures what 'The Real Maldives' is all about.
