

MICE

Thanks to its central and easily accessible city location in the buzzing beachfront strip of new Dubai, JA Ocean View Hotel serves as a contemporary corporate hub, hosting companies and professionals from around the world in its spacious meetings and events facilities. Advanced technical support capabilities, paired with thoughtful interior design and an emphasis on functionality, have earned the JA Resorts & Hotels' property a city-wide reputation as the preferred business destination on the bustling JBR The Walk.

With a goal to 'change the world – starting with your view of it', the cosmopolitan hotel embraces its traditional Arabian heritage and seamlessly blends it with the international cultural influx from both expats and tourists. The homegrown JA Resorts & Hotels brand has been a key industry player for decades, pioneering various iconic infrastructure initiatives in line with the UAE government's vision throughout the years. JA Ocean View Hotel, as a JA-owned property, is no different in its ambition to drive city-wide growth and support with the future discovery and spread of global innovations.

The five-star hotel's strategic position on the edge of one of Dubai's most popular waterfront communities – and biggest residential playgrounds – creates a platform through which business entities can meet, create, and educate, right in the middle of the city and only steps away from some of the trendiest international lifestyle destinations. Centrally located between Dubai Media City and Dubai Internet City, JA Ocean View Hotel is in proximity to some of the city's most modern and advanced information hubs, ensuring that guests have easy access to all that Dubai has to offer.

The meeting and event facilities can host anywhere between 10 to 220 people at a time. Three meeting rooms – Southern Lounge, Atlantic, and Pacific – are each naturally lit, cater for up to 100 delegates, and are paired with the latest technological meeting assistance tools, including high-speed Wi-Fi and a fully equipped, on-site business centre. There is also an outdoor Promenade Deck that can be used for receptions and valet parking to ensure efficiency and ease. A dedicated conference centre is located on the second floor for larger parties or corporate get-togethers.

Business goes hand-in-hand with entertainment, with no shortage of activities to enjoy at the hotel – such as padel tennis, live sports on Offside's iconic large screen, or a night of entertainment by the sea-facing infinity pool – to finish off a day of brainstorming or deal-making.

The hotel continues to operate in line with JA Hotels & Resort's larger mission to promote sustainable industry solutions, further UAE Government initiatives, and support the growth of Dubai. Its service as a modern business hub works in parallel with the brand's overarching vision and will see the ongoing development of JA Ocean View Hotel as an urban hub for the birth of new ideas.
