The iconic JA The Resort boasts three distinct, five-star hotels on its expansive Dubai grounds: JA Lake View Hotel, JA Beach Hotel, and JA Palm Tree Court Hotel. The globally renowned destination is framed on one side by an 800-metre-long private shoreline, and on the other by authentic desert landscapes. Encompassing a sense of remoteness, the resort is only a short distance away from the buzzing city streets of Dubai, bringing guests the ultimate experiential getaway.

The three on-site hotels are distinct in every way, each boasting their own style and unique approach to accommodation and dining. The properties share access to JA The Resort's experiential facilities, though, with guests able to easily navigate throughout the grounds and between the various venues.

The lifestyle hub of JA The Resort, JA Lake View Hotel is a design-driven property that offers guests sustainable brilliance. Its 348 rooms and suites range in size and exclusivity, providing expansive living spaces, sophisticated bathrooms, increased privacy – and, in some cases, their own outdoor jacuzzis and pools. Each room also comes equipped with a private balcony or terrace, with sweeping views of the nine-hole golf course, sparkling swimming pools, and nearby shoreline.

JA Beach Hotel is the original heritage hotel that underpins the ongoing success of JA The Resort. The first hotel on the grounds, it boasts 235 rooms and suites with direct beach access, private balconies, and views of the nearby JA Marina. Featuring floor-to-ceiling windows, stylish interiors, and enhanced space, JA Beach Hotel provides the ideal comforts and world-class amenities – offering a true 'home away from home'. The property's exclusive suite rooms come with added privacy, providing guests with access to the lounge, a dedicated suite pool, and complimentary refreshments throughout the day.

To complete the trio of hotels, the Mediterranean-inspired JA Palm Tree Court Hotel combines luxury with family friendly accommodation and premium beachfront living. The five-star hotel's 212 suites are steps away from the Arabian Gulf's shoreline, offering unparalleled comfort and a high-end destination experience.

With a selection of garden-facing, sea-facing, and beachfront accommodations, the all-suite property provides guests with striking views, enhanced privacy, airy living spaces, and world-class amenities. The epitome of style and comfort, the suites come equipped with balconies or terraces overlooking the hotel's surroundings and offer exclusive access to the lounge at a
