## Frequently Asked Questions

### **When do I notify the resort of my flight booking?**

We request you do this at the time of booking. This allows the team to organise flights in advance to make for an improved arrival and departure experience.

### **How will I know if I will be on a seaplane or a domestic flight?**

This will depend on your international flight timing and seaplane seat availability. There could be an instance where the domestic flight option will offer a better connection which will reduce waiting time to get you to the resort earlier or closer to your international departure time on return. Flights may be consolidated to provide a single option.

### **Are seaplanes direct?**

The resort books charters with TMA and in most cases, is a direct flight to JA Manafaru. In limited cases, due to lower volumes, we may collaborate with a nearby resort within the same Atoll to ensure seaplane operations continue smoothly. This is a 20-minute speedboat trip to the island resort.

### **How many people can fit on a seaplane?**

Due to the distance from Male', seaplanes can accommodate up to 12 passengers and luggage depending on total weights. Please confirm your international flight as soon as possible so we can secure your transfer.

### **Do I have to book my own domestic transfers?**

JA Manafaru will take care of all your bookings as there is no way to book these flights yourself.

### **Are domestic transfers faster than seaplanes?**

This depends on your international flight timing and the scheduled transfer time. However, seaplanes are generally door to door.

### **Do seaplanes and domestic airlines operators on time?**

Delays may occur due to reasons such as busy airport congestion, fuelling, air traffic and international airline schedule. JA Manafaru cannot be held responsible for any delay caused by local carrier.

### **Is there a public transport option?**

No, there are no public transportation options between JA Manafaru and other destinations due to the vast distances between islands and atolls in the archipelago.

## Frequently Asked Questions

### **Can I make my own transfer arrangements?**

Yes, you can make your own transfer arrangements with a third-party vendor. However, we strongly advise against this as we cannot guarantee the reliability of such services. These third-party arrangements will not include additional vehicle or boat transfers or lounge access. External boat transfers are subject to landing fees.

### **How will the airport team find me?**

Our airport team will be waiting in the international arrival hall, bearing a sign saying 'JA Manafaru'. Your name will not be on the board, but our team will have your name on a discreet guestlist. If you cannot find our team, please go to counter number E-17 for assistance.

### **What happens if I can't see your airport representative?**

In the event of you not being able to locate our airport representative, please contact our team on +960 766 0195 or +960 766 0204.

### **Is travel insurance mandatory for the Maldives?**

No. However, international travel can be unpredictable, so travel insurance is highly recommended.

### **What happens if there's a delay to the flight schedule?**

In rare instances, due to circumstances beyond the control of the operator and/or JA Manafaru (such as unfavourable weather conditions), the flight may depart later than scheduled, resulting in missed international flight. Neither the operator nor JA Manafaru will assume liability for any resulting expenses. We recommend guests reclaim any expenses through their travel insurance.

### **What happens if my International flight is delayed?**

Our team will follow your flight arrival and departure time and we will endeavour to find the next available domestic flight time for you with the airline.
